

NINA | INDOOR - OUTDOOR

design David Lopez Quincoces

Stools available in three heights for indoor and outdoor use.

Indoor version: round bar frame in steel Ø12 mm with epoxy powder coating in RAL 9017 black color. Seat frame in poplar plywood and padding with polyurethane foam, covered with acrylic fibers. Leather upholstery with profile in the same finish or fabric upholstery with gros-grain profile.

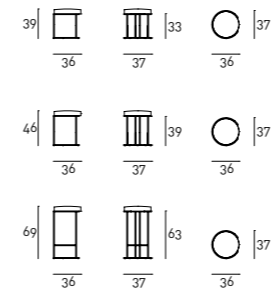

Outdoor version: round bar frame in AISI 316 stainless steel Ø12 mm with epoxy polyester powder coating in RAL 9017 black color. Seat frame in outdoor plywood and padding with open cell structure polyurethane foam, covered with acrylic fiber layers and draining fabric cover. Upholstery with outdoor fabric. For both versions floor support provided by plastic tips, and fully removable upholstery with Velcro fastenings, upon unscrewing the frame.

Notes

For information on the compatibility of the collection's coverings with each product, please refer to the [compliance sheet](#) provided in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.

For the OUTDOOR version, we recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.
