TABLEWARE

Material : Porcelain  
Colour : White  
Product Information : Foodsafe - Microwave Proof - Oven Proof - Dishwasher Proof

GLASSWARE

Material : Lead Free Cristal  
Product Information : Foodsafe - Dishwasher Proof

Tomorrowland	UNITY
ENCHANTMENT, CONNECTION & ART NOUVEAU	

**TOMORROWLAND** — Serax and Tomorrowland, two Belgian companies with strong international recognition, have joined forces. The result is a tableware collection in which the DNA of both icons seamlessly comes together: minimalist in form, magical in design.

Tomorrowland is a globally iconic dance festival in Boom, Belgium, known for its spectacular stages, top artists, and magical atmosphere. Since 2005, it has brought together 400,000 visitors from more than 190 countries each year through music, creativity, sustainability, and a strong sense of community. Over time, it has evolved into much more than just a festival: a global platform that spreads magic year-round — from digital events and radio shows to documentaries and collaborations with renowned brands.

**UNITY** — The collection carries the powerful name Unity, which speaks for itself. Just as Tomorrowland festivals bring together people from all over the world, this collection aims to achieve the same — at home, around the table. Whether it's a dinner with friends or family, Unity is about creating beautiful moments of togetherness, at any time.

Unity consists of an extensive collection of plates, glasses, and a coffee set. The tableware is made from porcelain, chosen for its timeless elegance. Both the porcelain and the glassware are extremely minimalist in shape and decorated with illustrations that reflect the artwork and world of Tomorrowland. All illustrations are hand-drawn by Tomorrowland's in-house creative team. The graceful, hand-engraved depictions of fauna and flora, along with the elegant shapes of the mouth-blown glasses, make this collection worthy of the title the new art nouveau.
