BOURGEON VASE

Named after the French word for sprout or shoot, the multifunctional, voluminous Bourgeon vase thrives to highlight and uplift a plant.

Physically lifting the plant half, a meter from the floor with its removable upper platform, it is suitable for both plants, single flower stems and tall bouquets.

As it is a hand glazed natural product, the colours may vary slightly and while it is not 100% waterproof, a bag for fresh flowers is included.

Designed by Kristian Sofus Hansen, Malo Sannié & Tommy Hyldahl.
