

Otium Soft

2020

Antonio Citterio

Description

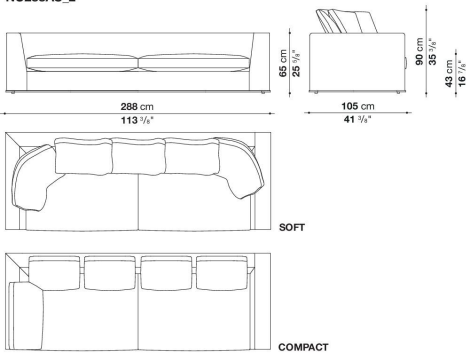

Otium Soft is a seating system that stands out for its contemporary classic style, generous proportions and great comfort. Available in various sizes and depths, it offers multiple linear and angular compositions, also with terminal elements with ottomans. Highly distinctive details are the tapered armrests, the faux leather trimmings that outline and enrich the fabric versions and the refined “profile” stitching for those in leather. There are two types of back cushions to choose from for a more formal or softer and more informal seat. The base is defined by a metal profile.

Technical information

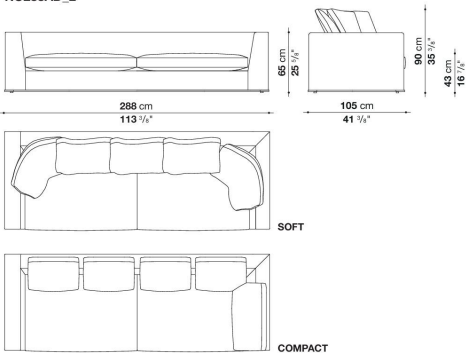

Internal frame
tubular steel and steel profiles
Internal frame upholstery
flexible cold shaped polyurethane foam, shaped polyurethane, polyester fibre cover
Seat cushion upholstery
shaped polyurethane, sterilized down, polyester fibre cover
Back cushion (NU60C-NU90C)
sterilized down, cotton cover, box style typology
Lower edge
die-cast aluminium and extrusions
Ferrules
thermoplastic material
Cover
fabric (eco-leather profiles) or leather (profile stitching)
