

Falda series

Designed by Ferriani Sbolgi, Italy

Falda is a striking series of vases and candleholders. With clean lines and an architectural design language, Falda has an understated and minimalist quality. Each piece is made from durable stoneware in soft ivory and sand colours and can be used for candles or flower arrangements, creating a beautiful expression.

Meet the designer

The Italian design studio, Ferriani Sbolgi, is driven by experiments and a cooperative approach to the design process where both designers agree on a direction and outline before transforming into new creative designs. Their design language is based on sleek silhouettes and clean stripped-down lines and details, and their products seek to communicate a certain emotion with the viewer and user. Each new design is seen as an opportunity for experimentation, and they ascribe fundamental importance to finding materials and ideas that will add value to their final design. They seek the new, the bold and the different, but always with timeless taste and quality craft in mind. A striking balance achieved in an effortless manner shown in their beautiful work.
