## BLOOM VASE BIG

Inspired by floral shapes, Bloom emphasizes soft and organic shapes into a collection of sculptural ceramic vases and bowls. Elegantly sculpted, each Bloom ceramic is characterised by several flower leaves fading into each other, reminiscing the different stages of a flower from closed to open.

Bloom is an interpretation of 70s floral inspired design. But with a more raw and clean expression. The smoothly curved surface is contrasted by a strong underlying geometry and is enriched by a beautiful play of shadows around the depths of the surface. Due to its expressive design, the Bloom vases changes experience throughout the day, according to the position of light and shadows. Bloom comes in both vases and bowls and is made from ceramic and fiber concrete. The surface is hand glazed in order to achieve the unique surface texture. The colours may vary slightly, due to that it is a handmade product. The vase is not 100% waterproof, therefore a bag for fresh flowers is included.
