

## MINI CAFÈ | INDOOR - OUTDOOR

design Piero Lissoni

Armchair available for indoor and outdoor use.

**Indoor version:** tubular steel frame with epoxy polyester powder coating in gunmetal grey color and seat panel in black HPL laminate. Weaving with hide profile, PVC, or synthetic rope available in collection colors. Seat cushion with differentiated density polyurethane foam preformed structure, covered with acrylic fibers. Backrest cushion in washed and sterilized goose down, stitched into separate compartments; for the Light version it is always in polyurethane foam covered with acrylic fibers. Fabric or leather upholstery, fully removable with zippers. Seat and backrest cushions upholstery, seamlessly joined with stitching.

**Outdoor version:** tubular frame in AISI 316 stainless steel with matte satin finish and seat panel in black HPL laminate. Weaving with PVC or synthetic rope profile available in the collection colors. Seat and backrest cushions padding with open cell structure polyurethane foam, covered with a draining fabric cover. Upholstery with outdoor fabrics only, fully removable with zippers. Seat and backrest cushions upholstery, seamlessly joined with stitching. Seat depth: 37 cm.

Notes

For information on the compatibility of the collection's coverings with each product, please refer to the [compliance sheet](#) provided in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.

For the OUTDOOR version, especially after prolonged rainy or humidity periods, it is suggested to rotate the elements and/or to temporarily lift the seat/back/armrest cushions to allow a complete drying and to avoid accumulation of dirt and moisture, causing the formation of mold. We recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.
