

CLIVIO | OUTDOOR

design Keiji Takeuchi

Daybed with structure in steel tube 20x20mm section, paired and coated with polyester epoxy-powder for outdoor use in gunmetal grey color, sprung with rubber elastic straps, with Stainless Steel hooks. Padding with open-cell structure polyurethane foam coated with draining fabric.

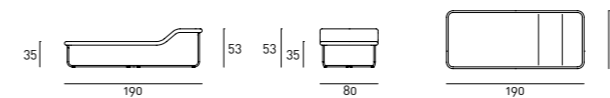

The base is made of tubular stainless steel AISI 316 with a diameter of 20 mm, coated with Gunmetal grey epoxy polyester powders, and connected to the load-bearing frame with pins. The upholstery is available only with outdoor collection fabrics and is fully removable through a zipper.

Notes

We recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.

For information on the compatibility of the collection's coverings with each product, please refer to the [compliance sheet](#) provided in the "Materials" section of the website.
