

CHEMISE SOFA BED

design Piero Lissoni

Sofa bed with structure in poplar plywood. Covering in 100% polyether thermally bonded onto a polyamide velveteen backing. Seat cushion with preformed, differentiated density polyurethane foam structure, coated with acrylic fibre layers. Back cushions in prewashed and sterilized goose down, stitched into separate compartments with insert in polyurethane foam. Floor support provided by black plastic feet.

Fabric or leather upholstery, both fully removable by zippers and Velcro fastenings. Fabric upholstery only, with flounce 4 cm from the floor. The leather and the velvet versions are always without flounce. Electro-welded orthopedic base, high tensile steel frame with epoxy powder coating finish. Steel spring mattress with 100% cotton cover. Cover in fabric, to protect the base. The mattress is always included. Seat depth: 68 cm.

Sofa Bed Section

- A – Steel structure dimensions
166/180 cm
- B – Slatted base frame dimensions
195×150/164 cm
- C – Mattress dimensions
190×13×146/160 cm

Notes

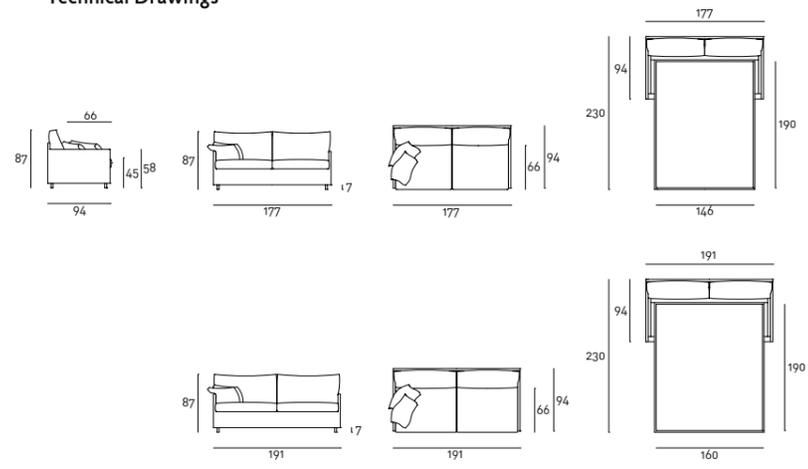

On request, available mattress in expanded polyurethane foam.

The version with flounce is not available for leather and velvet upholstery.

For information on the compatibility of the collection's coverings with each product, please refer to the [compliance sheet](#) provided in the "Materials" section of the website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.
