

MAJA D | INDOOR - OUTDOOR

design Piero Lissoni

Armchair available for indoor and outdoor.

Indoor version: tubular steel frame, with black epoxy powder coating for the model without housse and long skirt, while with gunmetal grey colour for the version with short skirt and padded. Seat chassis in poplar plywood with cross-woven coated rubber elastic straps. Seat and backrest padded with insert in polyurethane foam. Covering in 100% polyether thermally bonded onto a polyamide velveteen backing. Upholstery in fabric only except velvet, zipped to the polyether covering for the version with housse only and fully removable by zippers and velcro fastenings. For the version without housse and padded, upholstery in leather or fabric, fully removable by zippers after unscrewing the seat chassis from the frame for the fabric version only.

Outdoor version: frame in tubular AISI 316 Stainless Steel with matt satin-finish or with epoxy polyester powder coating gunmetal grey colour, burnished colour or black colour. Seat panel in plywood for outdoor with cross-woven coated rubber elastic straps. Seat and backrest padding in open cell structure polyurethane foam. Available only in the version without housse. Upholstery with outdoor fabrics only, fully removable by zippers after unscrewing the seat panel from the frame.

Seat depth 45 cm.

Notes

The versions with long skirt and short skirt are not available with leather and velvet upholstery.

For the OUTDOOR version, we recommend placing the product on terraces or verandas to guarantee its durability over the years. It is recommended to use a "Protective Cover" to improve the longevity of the product. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.
