

I Ricchi Poveri - Bzzzz
INGO MAURER 2014/2022

A dragonfly gently landing on a lightbulb. The Bzzzz lamp from Ingo Maurer's I Ricchi i Poveri series is a poetic creation with a wink. Bzzzz impresses not only with its design but also with its lighting quality: the table lamp features an Ambient LED bulb developed exclusively by and for Ingo Maurer. Ambient LED is the contemporary LED alternative to the traditional incandescent bulb—its light becomes warmer the more it is dimmed. The dragonfly, made of anodised aluminium, is available in red, green, or blue.
