

Margin Portable Table Lamp

The Margin Portable Table Lamp is perfectly sized to bridge the gap between a traditional table lamp and a portable light source. Staying true to the graphic volumes of the series, Margin now takes shape as a thoughtfully designed ambient light. Not only is it wireless, allowing you to place its warm glow wherever you wish, but the light is also easily adjusted to your preference with the integrated touch dimmer and three different colour temperatures. Place it on your bedside table, bookshelf, or windowsill, where its soft linen exterior and tuned light will add tactility and warmth.

Designer John Astbury / 2025

About the Designer John Astbury's studio was founded in 2014 and is based in Stockholm, Sweden. After previously studying anthropology in England, John Astbury completed studies in design at Konstfack, college of Arts, and Crafts in 2011. Building from archetypes, his work reduces the object to its fundamentals, exposing material, structure and form. A language of absolute simplicity while making visible the dialogues and symbols that surround the object.

Assembly Requirements Preassembled

Material The Margin Portable Table Lamp combines natural linen fabric with a diffusing material to ensure an even distribution of light. At the bottom of the shade, an opal diffuser enhances downward light output. A steel tube is attached at the top of the shade to hold the top plate in position.

Light Source included Yes

Cleaning & Care Turn off the electricity before cleaning the lamp. Use a soft, dry cloth to remove the dust from the lamp. For deeper cleaning, dampen a cloth gently wipe the surface. If needed, use a mild detergent. Always test a small area first to ensure it does not damage the material.
