

Big-Game

Extra Bold armchair – Solid

Ref.: BG 16 KV

Material: Steel frame, injected foam, 100% wool cover

L. 83 cm x H. 65 cm x D. 57 cm
Sitting height: 37 cm
Weight: 14 kg

Maintenance & care: Vacuum clean carefully on a regular base to avoid any dust or dirt to stay on the textile. Low power. Stains should be removed immediately. Most types of stains can be removed by carefully dabbing with a clean, lint-free cloth or sponge wrung out in warm water. Do not rub the material heavily, this will result in change on the surface.

Made in France

The Extra Bold armchair from Big-Game is as radical as it is comfortable. Taking up the design principles of the Bold range, it combines two generously inflated tubes and, contrary to what it suggests, offers surprising comfort.

Like the chair, the stool and the bench before it, the Extra Bold armchair alternates taut, soft curves that act successively as seat, back and armrest. It imposes a strong sculptural dimension that contrasts with the sensation of extreme comfort experienced once seated.

The diameter of its tube, a very thick layer of injected foam and several technical details buried in the depth of the seat allow to sit on its «tube» very comfortably.

An invisible assembly system allows the seat and backrest to be flush with each other, so that they barely seem to brush against each other to come together.

The 100% wool cover on the Extra Bold armchair, developed specifically for Moustache in collaboration with Kvadrat Febrik, is highly resistant to rubbing, UV rays and pilling.

The knitting technique and the quality of the yarn mean that the cover fits perfectly to the curves of the armchair, while being ultra-durable and developing a refined woven look with a smooth, soft surface.

The coloured range, comprising 10 mixed yarn references and 5 solid references, alternates strong, subtle or unexpected colours with a matte sheen and a natural, dry feel.
