BRUTUS SLIM DINING CHAIR

Inspired by the Brutalist architecture movement of the mid-20th century, the Brutus collection comprises two different kinds of dining chairs, a lounge chair, a stool, and a coffee table cast in lightweight fibre concrete creating a unique surface texture increasing mobility.

Each piece is hand painted to create a textured, unique surface. Emphasizing the fine balance between sharp architectural lines and a somewhat softer curve in the back and armrest, the Brutus collection is sculptural statement pieces with a compelling seating comfort.
