Fact Sheet

Stump Side Table

Design by Faye Toogood

The Stump Tables by Faye Toogood are understated, elegant, and heroic in their generous proportions. With stocky forms rendered in warm textural fiberboard, the tables feel organic and elemental. Crisp lines, graphic shapes, and a clear water-based lacquer finish lend these objects sophistication too. The Stump Coffee Tables are ideal as a sculptural center point around which to arrange your living room, whilst the Stump Side Table is as robust and bold as an occasional table can be.
