LA MERE

LA MERE — the first ceramic tableware line by Marie Michielssen, is an ode to family and the unique experiences of motherhood and grand-motherhood. Embracing the shared meal as a moment that brings people together in otherwise fast-paced lives, the collection reflects the often intuitive roles women have inhabited in family life through the generations.

La Mère aspires to answer the natural human need for food and community; a sense of warmth and connectedness. And what is more beautiful than bringing together family and friends around a carefully-laid table? Eating good food together is much more than a basic need to fulfill. The stories we exchange and the time we spend with each other strengthens the relationships we sometimes risk losing in the daily hustle and bustle. *La Mère* tableware is there for everyone who cares about hospitality regardless of the occasion.

“Dans les yeux de ma mère, il y a toujours une lumière.” Arno

Marie Michielssen has been designing for Serax more than 25 years. She has created countless objects inspired by and intended for everyday life. Her designs are functional but aesthetic at the same time thanks to her artisanal approach and choice of soulful materials.
