

## Forma series

Designed by Ferriani Sbolgi, Italy

---

Forma is a series of stoneware comprising beautifully crafted tableware, candleholders, vases, and flowerpots, all with a distinctive and handcrafted expression. Inspired by the minimalist Japanese design language and Japan's rich design traditions, each piece fuses a square base with a rounded top, creating an interesting balance. Handmade from durable ceramic, each piece has a timeless appeal that will outlast trends and tendencies.

### Meet the designer

The Italian design studio, Ferriani Sbolgi, is driven by experiments and a cooperative approach to the design process where both designers agree on a direction and outline before transforming into new creative designs. Their design language is based on sleek silhouettes and clean stripped-down lines and details, and their products seek to communicate a certain emotion with the viewer and user. Each new design is seen as an opportunity for experimentation, and they ascribe fundamental importance to finding materials and ideas that will add value to their final design. They seek the new, the bold and the different, but always with timeless taste and quality craft in mind. A striking balance achieved in an effortless manner shown in their beautiful work.
