

SUPER FROG - SUPER FROG LOUNGE | INDOOR - OUTDOOR

design Piero Lissoni

Armchair and chaise-longue available for indoor and outdoor use, featuring aluminum frame with a glossy epoxy powder coating in white, black and red wine; backrest and seat inserts, featuring drilled or milled details, made from marine okoumé plywood reinforced with carbon fiber, and veneered with okoumé sheet finished with matte transparent coating. For the indoor version the panels are also available with matte lacquering in black and white colors.

For the chaise-longue version, a quilted seat cushion and headrest is available; indoor version featuring a rubber insert covered with a recycled microflock mattress pad, fabric or leather upholstery, fully removable with zippers.

Outdoor version with open cell polyurethane foam and recycled microflock mattress pad, with cover in outdoor fabrics, fully removable with zippers.

In every version floor support provided by plastic tips.

Seat depth: Armchair 50 cm;

Chaise longue 120 cm.

Notes

For the OUTDOOR version, especially after prolonged rainy or humidity periods, it is suggested to rotate the elements and/or to temporarily lift the seat/back/armrest cushions to allow a complete drying and to avoid accumulation of dirt and moisture, causing the formation of mold.

It is recommended to use a "Protective Cover" to improve the longevity of the product; please note that the protective cover is made of water vapor repellent fabric, perfect to prevent and protect from the formation of mold, easily washable with water and soap. Do not keep the fabric folded for a long time when it is wet. For further information about the dedicated maintenance, please refer to the technical sheet available in the "Materials" section on our website. Lastly, we recommend placing the product on terraces or verandas to guarantee its durability over the years.

For leather coverings the "Leather A" or "Leather B" Maintenance Kit is included with the product.

For information on the compatibility of the collection's coverings with each product, please refer to the compliance sheet provided in the "Materials" section of the website.
