

Liquid Layers Carpet

CLAIRE VOS

Step into a unique coloured pattern world. Inspired by minerals, birds, flowers, and the whole spectrum of beauty created by nature. The Liquid Layers carpets by Claire Vos are inspired by objects of nature morphed and liquified into new patterns. The carpets are available in four colourways and two shapes: Agate, a powerful luck stone that comprises bygone crystals; Pebble, smooth-out pebbles in timeless greys and earth-tones; Tulip, an array of colours found in the typical Dutch landscapes in spring; and Marl, different natural-coloured layers of stone.

Detailing

The shapes of the carpets dictate the direction of the colours and layers.
