## DIVANO MODULARE

**BLISS** — dove il design incontra la pura serenità.  
Design by Boatto Martino Studio

Il suo nome evoca la serenità, e racchiude l'essenza di ciò che questo nuovo divano vuole trasmettere: una sensazione di quiete profonda, di benessere naturale, di tempo che finalmente si distende.

Bliss nasce da una visione progettuale che unisce comfort e paesaggio in un equilibrio essenziale. Le finiture Gesso e Olivegreen abbracciano i toni della natura, mentre il bracciolo in teak naturale diventa un dettaglio caldo, materico, distintivo.

La leggera curva dello schienale accompagna il corpo e lo sguardo, creando un gesto fluido che invita a rilassarsi, respirare, ritrovare equilibrio. A completare la collezione, due tavolini con top in teak o pietra lavica, elementi che dialogano con la luce e con il ritmo dello spazio.

Con Bliss, l'outdoor diventa un luogo in cui lasciarsi andare. Un luogo in cui sentirsi, finalmente, a casa.

## MODULAR SOFA

**BLISS** — where design meets pure serenity.  
Design by Boatto Martino Studio

Its name remembers serenity, and it captures the essence of what this new sofa seeks to convey: a feeling of deep tranquility, natural well-being, and time finally relaxes.

Bliss was created to celebrate the harmony between comfort and landscape. The Gesso and Olivegreen finishes embrace the tones of nature, while the natural teak armrest becomes a warm, textured, and distinctive detail.

The gentle curve of the backrest welcomes the body and gaze, creating a fluid movement that invites you to relax, breathe, and find balance.

The collection includes also two coffee tables with teak or lavastone tops, elements that interact with the light and the rhythm of the space.

With Bliss, the outdoors becomes a place to let yourself go. A place to finally feel at home.
