

## Hubert

Hubert nasce dalla volontà di creare un tavolo semplice, definito da un telaio in tubolare di ferro molto lineare che sostiene diverse tipologie di piani, dalle forme e dalle dimensioni svariate. Hubert offre ampie possibilità compositive e, nella sua pulizia grafica, si concede vezzi come la possibilità del doppio piano o un puntalino di ottone presente nel telaio.

Hubert was born from the desire to create a simple table, defined by a very linear tubular iron frame that supports different types of top, with various shapes and sizes. Hubert presents a wide range of different composition options; in its graphic neatness it offers the gracious possibility of a double top or a small brass tip in the frame.
