

## Pato 4 Leg Stool

Designed By Welling / Ludvik, 2016

Pato is a versatile chair concept based on a shell in 100% recycled polypropylene, which is also available with seat upholstery or fully upholstered, as well as a wide range of bases. This barstool version features downscaled seat without back, in the same design as the larger Pato chair shell. Keeping material flows as clean and recyclable as possible, the Pato components are kept homogeneous to a degree where they can be recycled in the future as needed.

### MODEL

4316 - Seat upholstered

### MATERIALS

Barstool with upholstered seat. Shell of 100% recycled coloured-through polypropylene. Mounted plywood seat with CMHR or HR foam, covered in fabric or leather. Frame of steel tube, chromed or powder coated. Mounted with interchangeable plastic glides. Please specify bar or counter height.
