DESK SCULPTURES

Wooden Cone Wood is a living material changing imperceptibly over time. The color will change over time especially if it exposed to direct sunlight. The wood is treated with oil so clean it using a damp cloth and dry immediately with a soft cloth to prevent water marks and stains. Renew the wood glow using linseed/flaxseed oil.

Brass Arch The brass is treated with a clear coating. Use only warm soap water and dry with a soft cloth.

Terracotta Sphere The sphere is handmade, small differences in shape or color may occur. Clean it using a damp cloth and dry immediately afterwards.

Marble Triangle Please do not use any chemicals to clean the marble. Use only water with mild soap and dry with a soft cloth.

Arrange the Desk Sculptures carefully to prevent them from falling and scratching. Be aware of the fragile edges of the marble triangle.
