MIDNIGHT FLOWERS

**MARNI** — Founded in 1994, Marni is recognized as the most artistic, colour-savvy, life embracing, off-beat brand in the luxury segment. Renowned for its subversive collections, Marni has consistently challenged the traditional codes of fashion and the seriousness of dressing up, celebrating individuality through its distinctive approach to materials and colours, combined with a unique taste for prints and shapes. Marni's quirky elegance is a range of possibilities, a lifestyle with an avant-garde spirit that holds a constant dialogue with the world of art, finding ultimate expression in special collaborations and capsule collections.

**SERAX** — Serax is a Belgium-based design brand that has established a platform for designers and creatives, partnering with distinguished and upcoming talents all over the globe, such as Ann Demeulemeester, Vincent Van Duysen, Paola Navone and Piet Boon. The recognized Serax tableware graces some of the best restaurants in the world, whether dining at Albert Adrià's Enigma restaurant, Jean George in New York City or Nobu in Milan. Being a family business for more than 30 years, Serax strongly values craftsmanship, and the creation of objects that bring joy to everyday life. Those objects range from tableware and pottery to full-blown design furniture, lighting and accessories.
